Team Involvement in Demonstration

Date	19 October 2026
Team ID	
Project Name	Health360: Clinical and healthcare risk analysis
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the demonstration responsibilities for Health360, a clinical and healthcare risk analysis project. It outlines each participant's role in explaining the workflow, demonstrating features, and discussing data quality, privacy, and responsible use. The sample below uses role-based responsibilities; replace placeholder roles with actual names if needed.

Team Participation:

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Self	Presenter / Coordinator	Introduction & problem statement	Introduces Health360 and explains the healthcare risk-analysis problem.	Active
2	Team Member 2	Solution Explainer	Solution overview	Explains intended users, main modules, inputs, and workflow.	Active
3	Team Member 3	Demo Operator	Live feature demo	Runs the demonstration using sample or de-identified data.	Active
4	Team Member 4	Data / Backend	Data input & validation	Explains data handling and how missing or inconsistent fields are flagged.	Active
5	Team Member 5	Security / Documentation	Privacy & responsible use	Describes privacy safeguards, access controls, limitations, and clinician oversight.	Active
6	Team Member 6	Q&A Support	Questions & closing	Supports answers, summarizes future improvements, and gathers feedback.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Self — coordinates the presentation flow and keeps the demo on schedule.
Overall Team Coordination Rating (1–5)	5 — suggested rating based on a planned sequence and clear role allocation.
Any issues during demo	No major issues anticipated; verify the demo environment and sample data before presenting.
Lessons learned / improvement	Rehearse transitions, prepare a backup demo dataset, and avoid identifiable patient data.
